

Seek out the Standard

Profit from performance

High index rams can increase profitability by **£3–4** per lamb.
Over a ram's lifetime this is an extra **£1,000**.

Invest in the Best

Selecting rams with superior breeding potential improves flock performance.
Look for the coloured tags to find rams in the top 5%, 10% and 25%.

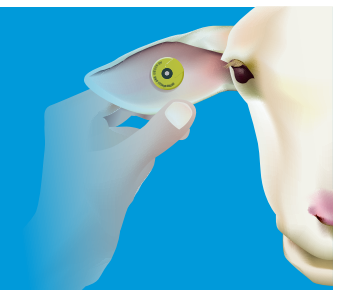

Seek

Recorded rams with high indexes.

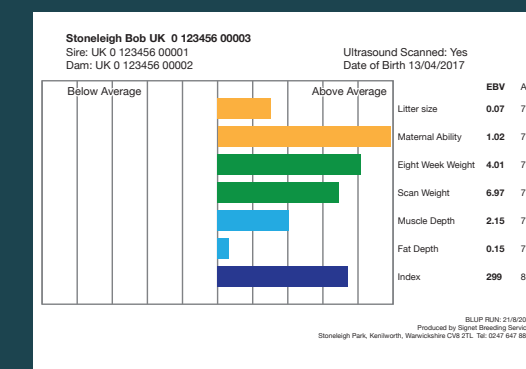

Check

The eartag identity of the ram.

Review

The EBVs with the breeder, sale chart or online at signetdata.com

Order of Merit
This is to certify that this animal has a Breeding Index within the top 10% of the breed.
